Policy that refers to the recognition of New Zealand's cultural diversity and the provision of learning opportunities in Tikanga Māori and Te Reo Māori is set out in the Rotorua Boys' High School Policy Document.

Policy on Te Reo Māori and Tikanga Māori Background

An understanding of the cultural diversity of Aotearoa (New Zealand) is one of the most important aspects of living in a multicultural society (see Relationship with Tangata Whenua Policy). Schools must recognise the unique position of Māori culture (s.63 Education Act 1989 and National Education Goal 10). To learn the language and customs of other cultures will increase understanding. The school has Te Whare o Raukura, a whare wananga, providing the base for its bilingual programme.

Objective

- An increased understanding of the Māori language and culture. (See *National Education Goals 9 and 10*).
- Increased participation and success for students who wish to study in a Māori cultural context.
- In all curriculum areas the school will endeavour to promote Te Reo and Tikanga Māori programmes based on National Curriculum statements.

Implementation

Te Reo and Tikanga Māori programmes will be:

- Included in all other curriculum areas; and based on National Curriculum statements.
- Recognise the tikanga of Te Arawa.

The Board and School will:

- Employ a Head of Department Māori.
- Promote the academic achievement of Māori students.
- Encourage all students and staff to understand and participate in marae protocol.
- Provide the opportunity for students to learn Te Reo and Tikanga Māori at Years 9 and 10 and whenever possible in higher levels.
- Provide staff development where necessary to increase knowledge of Māori language and culture.
- Make staffing and financial provisions to enable it to meet a commitment to Te Reo Māori and Tikanga Māori.
- Place bilingual signs where significant.
- Have the teaching staff consult where necessary with the Head of Department Māori when including any aspects of Tikanga Māori in their department programmes.
- Support the Effective Teaching Profile.
- Provide bilingual classes in Years 9 and 10.
- Board members will be encouraged to attend and participate in Whānau Hui.

Policy on Relationship with Tangata Whenua

Background

One of the themes that has emerged from the Treaty of Waitangi is partnership. In order to meet this theme genuine consultation is required.

The school enjoys and benefits from a special relationship with Ngāti Whakaue.

Objective

School consultation with Te Arawa and Ngāti Whakaue to nurture an effective partnership.

Implementation

The Board will:

- a) Seek partnership opportunities with Te Arawa and Ngāti Whakaue
- b) Recognise that consultation is an ongoing process
- c) Consult in a culturally appropriate manner
